Dear Ms. Lang,

Please find enclosed a Request for Information to Beta Offshore regarding platforms Ellen, Elly, and Eureka. EPA is requesting the information under Section 308 of the Clean Water Act, with regard to potential discharges for facilities subject to the NPDES General Permit CAG280000 authorizing discharges from Oil and Gas facilities within EPA Region 9.

EPA is requesting a response by January 7, 2019. A hard copy is being sent to your attention.

Please feel free to contact me with any questions, concerns or clarifications.

Sincerely,

John Tinger
